CERTIFICATION OF HOUSE-POOL PROTECTION DEVICE INSTALLATION

This document provides for the homeowner to certify that one (1) of the following protection devices has been installed at a particular address.

I certify that one (1) of the following protection devices are installed between all doors leading from the house and garage into the pool area (check one).

1. All doors with direct access to the pool are equipped with an alarm which produces an audible warning when the door and/or its screen, if present, are opened. The alarm is listed in accordance with UL 2017. The audible alarm will activate within 7 seconds and sound continuously for a minimum of 30 seconds after the door and/or its screen, if present, are opened and is capable of being heard throughout the house during normal household activities. The alarm will automatically reset under all conditions. The alarm system is equipped with a manual means, such as touch pad or switch, to temporarily deactivate the alarm for a single opening. Deactivation will last for not more than 15 seconds. The deactivation switch(es) is (are) located at least 54 inches (1372 mm) above the threshold of the door(s); or

2. All doors leading from the house into the pool area is equipped with self-closing and self-latching devices.
